Dear Sir / Madam,

This is to inform you that we are receiving a lot of enquiries about granting admission through Form - 3 to MP students. In this regard the following is being clarified -

1. Admission through Form - 3 can be given to all those students who are eligible. In all such cases please verify the year/cycle of original registration and **make sure that the maximum extended period of 8+5 = 13 years from the year/cycle of original registration is not elapsing before June 2021.** If it is elapsing or has already elapsed, then please do not accept the application.
2. The admission so given now (through form - 3) **will be valid for only one semester** (up to TEE June 2021). Please make this clear to the applicant at the time of accepting the application. Please collect an undertaking along with the application to the effect the s/he has read and understood the Notification regarding withdrawal of the scheme of re-admission, and is applying for admission through Form-3 to complete the remaining courses, being fully aware that the validity of the courses so registered in January 2021 would be till June 2021 only.
3. Please check the grade card status of the student. **If more than 5 courses are incomplete, please explain to the student that admission through Form-3 will not help in completing the Programme.**
4. There should be no confusion about the SED notification which extended the maximum programme validity of all learners upto TEE June 2021 due to the Covid - 19 pandemic. That circular provided the benefit of extended validity ONLY TO **ALREADY REGISTERED STUDENTS** TO APPEAR IN THE EXAMINATION OF THE COURSES FOR WHICH S/HE IS ALREADY REGISTERED. **This DOES NOT entitle them to register for more / new courses in the extended period.**

Plz feel free to revert back, in case of any query.

Sincerely,

Dr Himansu K Bose
Registrar, SRD
